REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Something old; something new! We have enjoyed our first complete school year in our "new" facility that now houses grades three through eight. The 1914 structure remains as a symbol of our rich heritage while the new wing reminds us that we are preparing independent learners for an ever-changing tomorrow.

Our curriculum has been strengthened by continued staff development in Thinking Maps, Write from the Beginning, and balanced literacy. New curriculum guides have helped align the curriculum to the state standards.

After school opportunities provided to students included a homework program, PACT Attack sessions, and YMCA program. We have continued to encourage community participation in the arts through student performances and by displaying student artwork in our local town hall.

Our business partner, Vulcan Materials, has worked closely with us to provide incentives to promote student attendance and punctuality. Another local industry, ISO, provided learning opportunities to students in the science classroom.

Character education was incorporated into the curriculum. A weekly writing prompt allowed students to think and write about positive character traits needed by all productive citizens. Students participated in service learning projects (Pennies for Patients, Veteran's Day program, Christmas for Needy Kids, March of Dimes).

Through the efforts of our students, parents, teachers, and community, we have made great strides, and we will continue to strive for excellence.

Marilyn Ramsey, Principal
